

CHAMBER MUSIC FOR STRING PLAYERS AND PIANISTS

Master's Degree

ENTRANCE REQUIREMENTS:

Admission to the Master's program in Chamber Music for String Players and Pianists depends on the successful completion of the Bachelor's degree, or a study course of equal weight, in piano, or violin, viola, violoncello or double bass.

The Chamber Music program can only be completed as a fixed ensemble (at least a trio in size). Chamber music ability will be determined at an audition, for which three works from different style periods are to be prepared.
